- U.S. HPC Centers of Activity
  - PROVIDER/ACA/GOV
  - USER/INDUSTRY
- U.S. Congressional Districts (2015)

1000 km  
500 mi

© OpenStreetMap, © Mapline

The image shows a screenshot of a web application interface. At the top, there is a navigation bar with the Hyperion Research logo and links for Home, Services, Team, Contact, and In the News. A search bar and a LOGIN button are on the right. Below the navigation bar, there is a search bar with the text "Search...". To the left of the map, there is a legend titled "U.S. HPC Centers of Activ...". The legend includes a dropdown menu for "U.S. HPC Centers of Activity" with two options: "PROVIDER/ACA/GOV" (represented by a red pin) and "USER/INDUSTRY" (represented by a green pin). Below this is a dropdown menu for "U.S. Congressional Districts (2015)". The main part of the image is a map of the United States with numerous numbered pins. The pins are colored red and green, corresponding to the legend. The map also shows the outlines of Mexico, Venezuela, and Colombia. At the bottom of the map, there is a scale bar showing 1000 km and 500 mi, and a copyright notice for OpenStreetMap and Mapline.

# A Guide to the Sidebar

The search feature allows you to look for specific centers of activity.

The filter button allows you to filter by many different categories, like State, District, etc.

# Click the Filter Button

Filter ✕

**NEW FILTER**

Current Filters

City	 
Employees	 
District Representative	 
Detailed Sector	 
State	 
District	 

**REMOVE ALL** **CANCEL** **OK**

You can click on any of the filters to narrow down the map entries to what you are looking for. Please do not click New Filter button or remove all, all of the filters are pre-loaded below in the list.

# Example of a Filter

State Filter ×

Filter Type

Checkbox

Formula

Category

State

Search

(Select All)

Al

Ar

Az

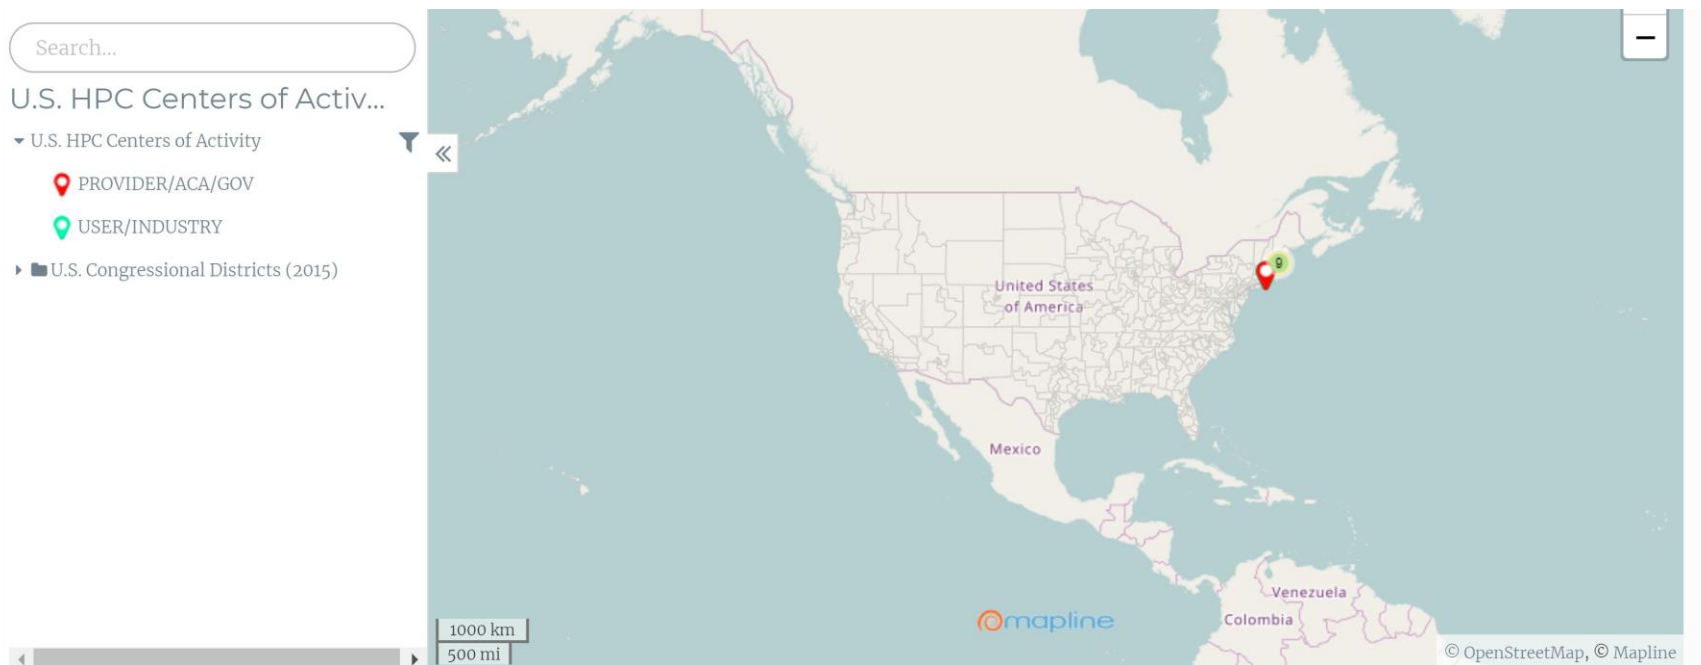

Ca

Co

For example, if you click state, you can filter down to one state, or many different states at once.

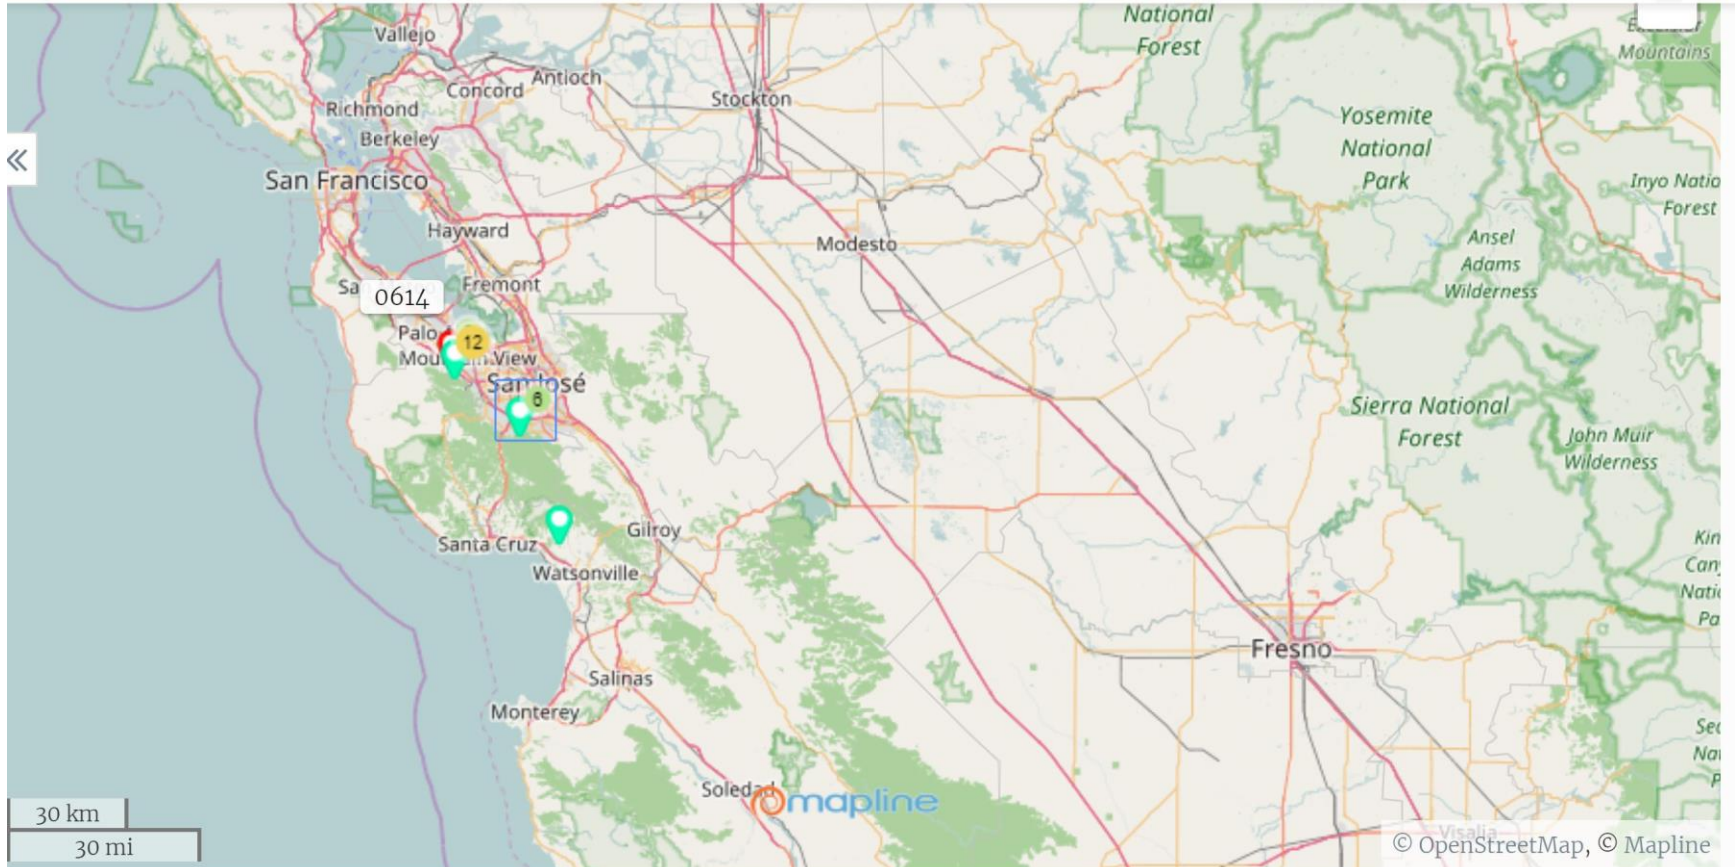

# Example Filter Result

In example, this is what the map would return with a filter of MA for the state. From here, you can zoom in to see all the different centers of activity in MA.

# Second Example of Filter

This is the filter of just the 18<sup>th</sup> Congressional District of California.

# To Remove a Filter

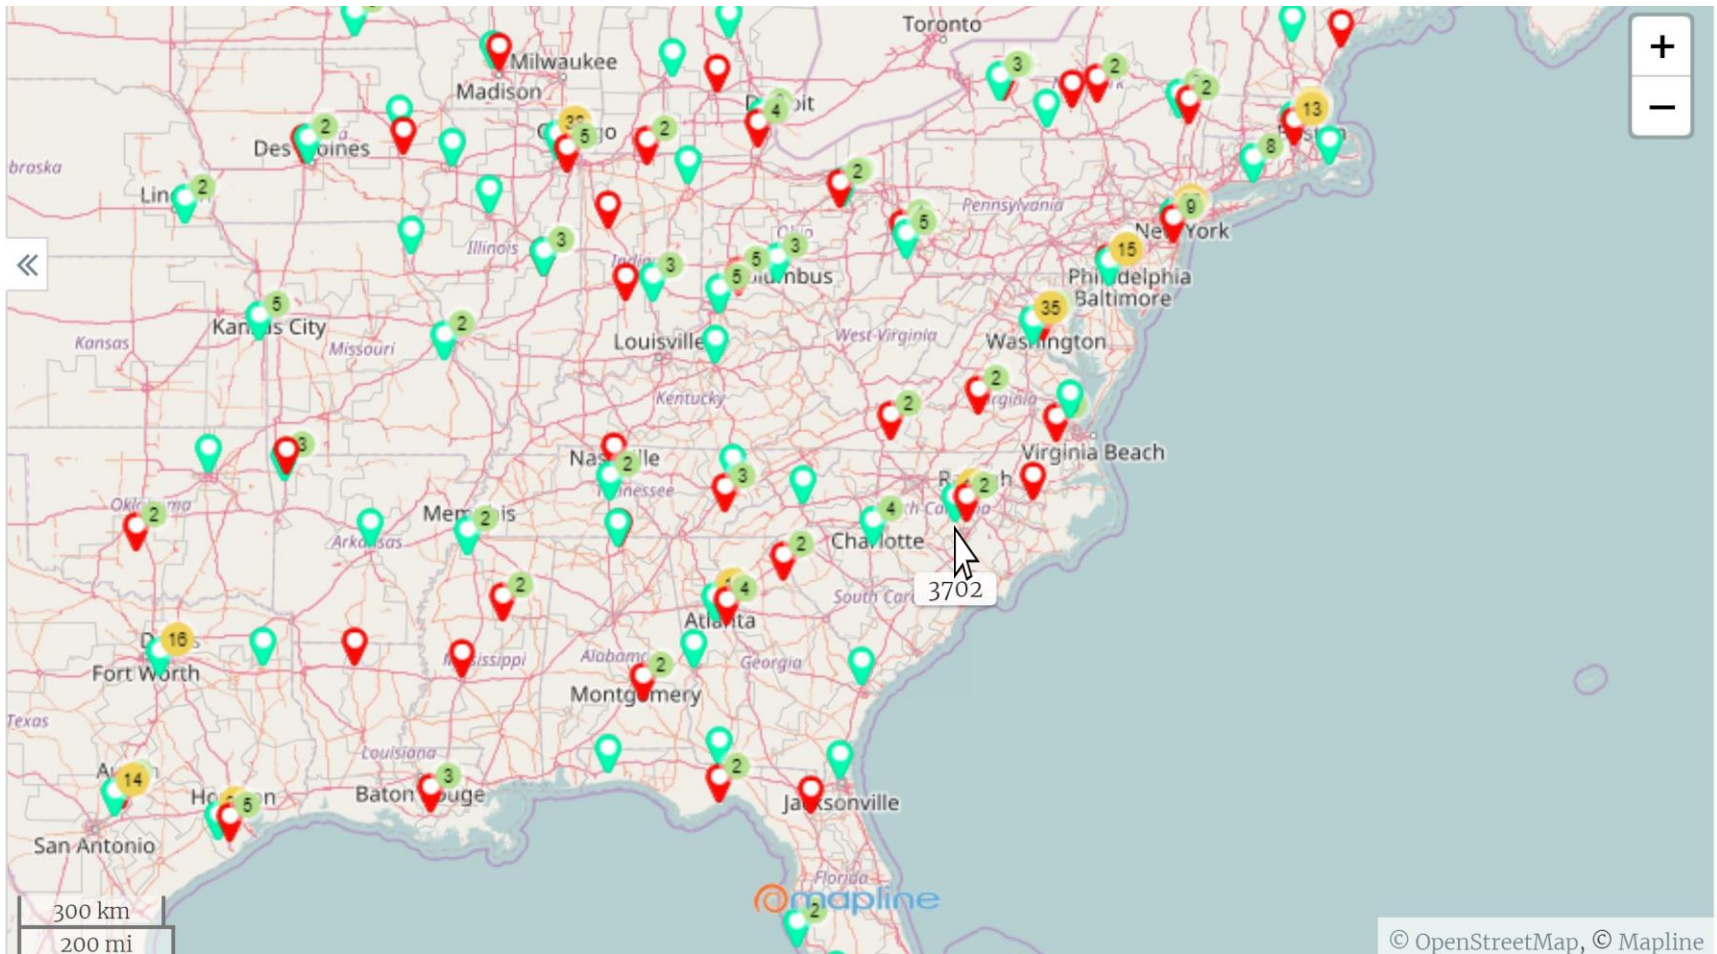

- In order to remove a filter, simply click on the filter you have chosen, and click select all at the top to undo the individual selection. *Do not click Remove All*, as that will remove the option of the filter, rather than the one you chose originally. If you happen to click Remove All, simply reload the page and all of the options for filters will return.

# Finding All Centers in a District

- To find all of the centers of activity in one district, simply hover your cursor over the district until the district code appears. Then, click on the left mouse key to get a list of all of the centers of activity in that area. See below for a picture example.

# Hover Mouse Over District

# Now Click in to Get List

# Search Bar

- The search bar is simple. If you wish to find a specific center, you can search the title of the center and get its full information. Use the *Filters* for larger searches, like all centers in New York, as an example.

# Questions?

- If you have any questions, send an email to [anorton@hyperionres.com](mailto:anorton@hyperionres.com) and we can answer them. Thanks!
